

# VI-2 $\mu$ FA SureFly Interface

## Connection To E.I. Instrument Instructions

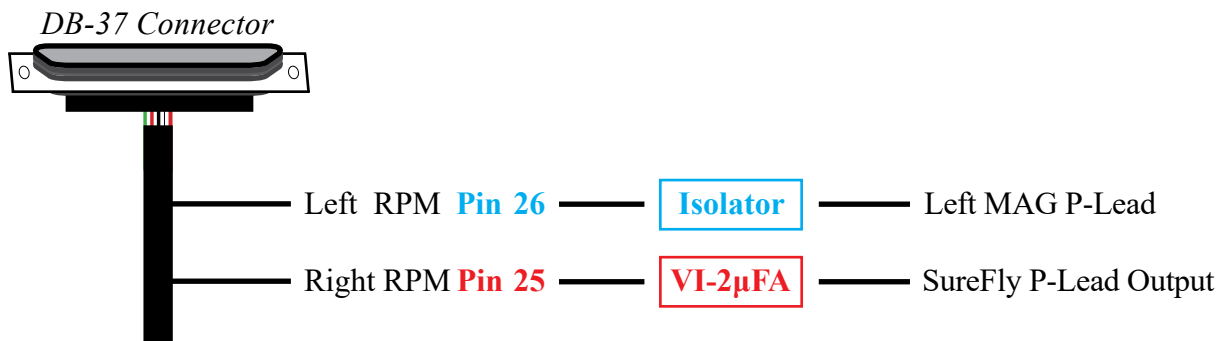

**EDC-33 (MVP & CGR) and R-1:**  
Connect to the RPM input channel using a VI-2 $\mu$ FA (E.I.'s SureFly Interface).

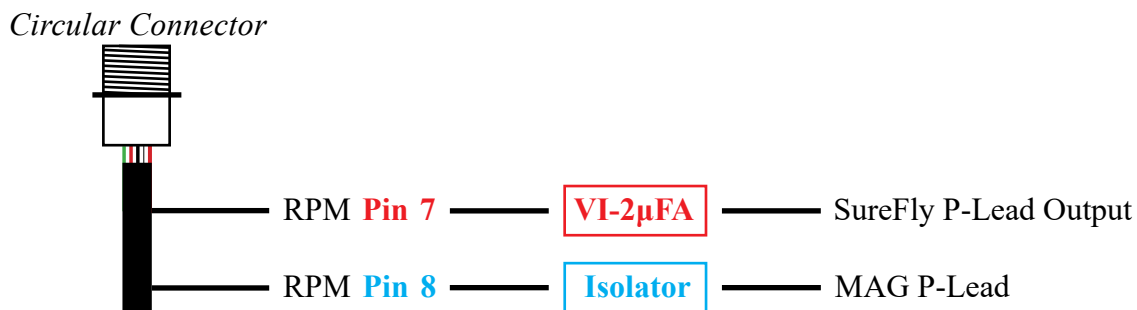

### EDC-33 Bottom Connector (MVP & CGR): SureFly replacing the Left MAG.

### EDC-33 Bottom Connector (MVP & CGR): SureFly replacing the Right MAG.

### R-1 Circular Connector

**Note:** The SureFly P-Lead Output can go into either R-1 channel through the VI-2 $\mu$ FA.
